Dear Supporter of the Slate Roofing Trades,

The Slate Roofing Contractors Association of North America, Inc., a non-profit trade association, would like to extend to you an invitation to join our organization. Please apply for membership at http://slateroofers.org/join.html, or call us at 814-786-7015 if you would like us to send you an application, or send me an email (dawn@slateroofers.org).

We welcome roofing contractors of exceptional integrity who work on slate roofs as well as anyone who supports the slate roofing industry. Our intention is to provide educational opportunities for contractors, as well as to glean skills and knowledge from our members that can be shared for the common good. Our goal is to support the slate roofing industry by improving the quality and quantity of skilled slate roofing professionals. We feel that we can help you and we hope that you can also help us.

We maintain a contractor directory online at SlateRoofers.org as well as several other pages where your company will be listed on our website (we had 65,000 visits and 1.15 million hits in 2012). All queries from architects, property owners and general contractors looking for slate roofing professionals are directed to our website. We are also developing training opportunities for traditional slate roofing and flashing practices, as well as standards for installation, repair and restoration. We provide a unique opportunity for specialized contractors to meet, learn and network both nationally and internationally. Dues are either $300.00/year for general roofing contractors or $400.00/year for roofing contractors who specialize primarily in slate roofing. Contractor membership includes a copy of the Slate Roof Bible (2003), a copy of the book Slate Roofs (1926) and a hardwood membership plaque.

The Slate Roofing Contractor application must be vetted by the Membership Committee before membership can be approved. We also offer Affiliate level membership ($200.00/year, includes plaque only) and Supporting Member ($100.00/year). Please take a few minutes out of your busy day to become a member of the most dynamic slate roofing association in North America.

Take care,

Dawn Myers
