# SPECIAL EVENTS at IPTW 2011

## AUG. 4 5:30 SLATE ROOFING DEMONSTRATION & 6:30 RECEPTION at LANDIS VALLEY

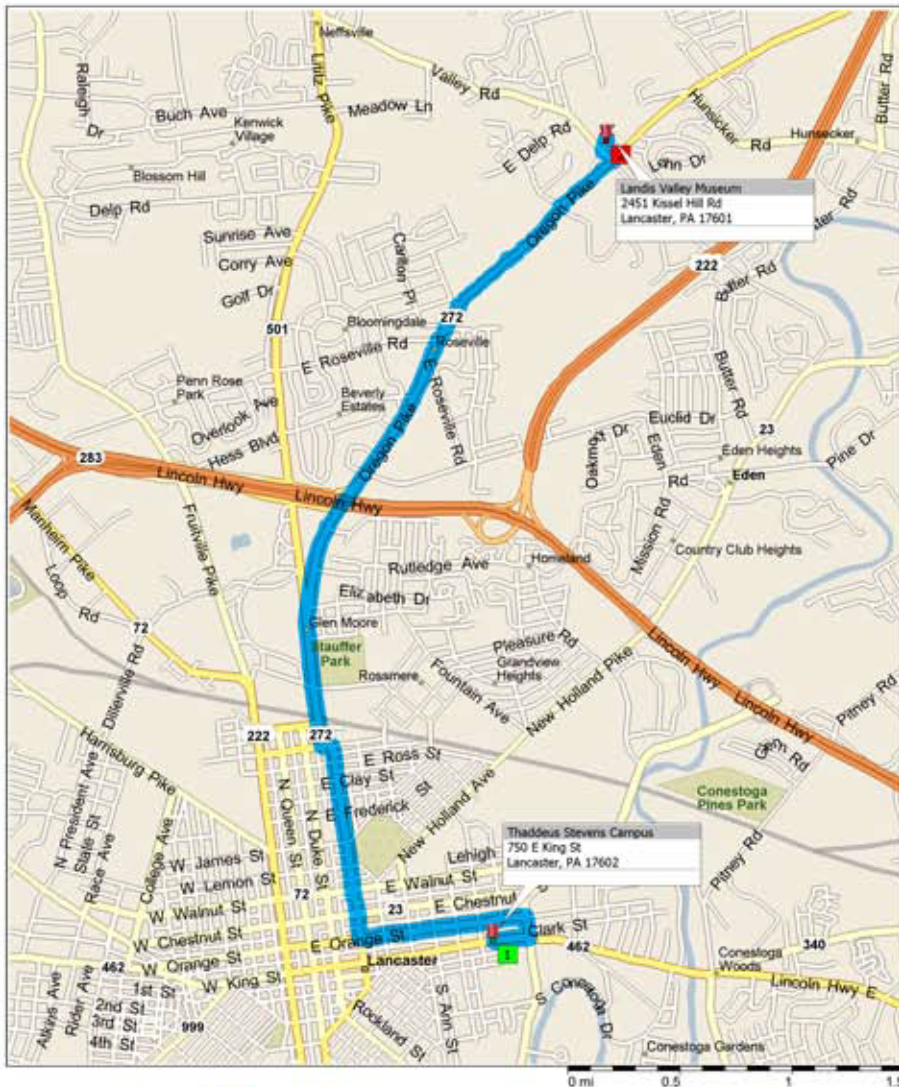

The opening reception for IPTW will be held in the historic Yellow Barn at the Landis Valley Village and Farm Museum, 2451 Kissel Hill Road, Lancaster. This living history village and farm, collects, preserves and interprets the history and material culture of the Pennsylvania German rural community from 1740 to 1940. Brothers Henry Kinzer Landis (1865-1955) and George Diller Landis (1867 - 1954) amassed a very large and diverse collection of Pennsylvania German material culture and opened the museum in 1925. It is currently operated by the Pennsylvania Historical and Museum Commission.

This historic site will provide a wonderful setting for our reception. Tamanend Winery, a local Lancaster County winery, will provide a tasting of a variety of their wines and deGruchy Masonry will provide their very own micro brew beer.

Just prior to the reception, there will be a demonstration of slate roofing on the bake oven at the Federal Farm area of Landis Valley Village and Farm Museum, by members of the Slate Roofing Contractors Association.
